

## Broker Briefing

### Amendment to the Evidence of Coverage

RMHP is sending amendments to the Evidence of Coverage to employer groups and SOLO Individual health plan subscribers next week. The amendment is necessary to change the colorectal cancer screening benefit in order to comply with Colorado House Bill 1410.

The change for the SOLO Individual Plans, Good Health PPO and PPO HSA group plans adds coverage out-of-network for colorectal cancer screening. There is no change and no amendment for the Good Health HMO and HMO HSA plans.

As always, if you have any questions, comments or need assistance, please call your Rocky Mountain Health Plans or CNIC Account Executive.
