Update on Health Care Reform for RMHP SOLO and Employer Groups

Rocky Mountain Health Plans is continuing to work diligently to help our Members understand all of the requirements in the recently-passed federal health care reform bill.

Although the bill will not be fully implemented until 2014, certain changes begin as early as this year. Generally, for RMHP Members, this year's changes will begin October 1, 2010.

A summary of the near-term changes in the individual and group market, along with the Rocky Mountain Health Plans implementation plan for each item, is [available here](#).

As always, if you have any questions, comments or need assistance, please call your Rocky Mountain Health Plans or CNIC Account Executive.
